WHO IS THE CHALLENGE FOR?

The challenge is intended for innovative entrepreneurs and students in The Hague who are working on a better world. Are you not yet established in The Hague? Then we need a letter of intent showing that your company will establish an office in The Hague when the challenge is won.

"To be honest, there is a chance that my idea would not have been implemented if I wasn't a finalist of The Hague Innovators Challenge. My idea would probably have died, just like my other ideas. But now I received training, I had to develop my idea, pitch and promoted it. It helped me a lot!" (participant of 2020)
